

Map of St Laurence's Church Seating Plan for Weddings

Names of Couple.....

Date of Wedding.....

Time of Wedding.....

Sometimes, as a wedding guest, people are not sure where they should be sitting, as they know from previous church occasions that there is some sort of precedence.

To help your family, guests, friends and ushers (who may not know all your relatives) fill in the maps on pages 2 and 3 overleaf, stating where you would like certain people to sit.

Your wedding will take place at the chancel in the main aisle so your close family may be better sitting in the pews directly behind you.

Each square represents one person so you will notice that the bride's far left hand side is rather short on seating. 4 adults is comfortable, whereas 5 adults is a squash! All other seating will take 7 people perhaps 1 or 2 more if they don't mind bunching up!

There are some sets of reserved place cards available in pink for the bride's family and friends, blue for the groom's family and friends and finally yellow for people who have a role e.g. bridesmaids, ushers etc who may be from either side of the family.

Please feel free to use as many or as little of the cards as you wish but remember that people are happier knowing where they should sit rather than guessing and feeling they are in the wrong place!

The church vergers who attend the wedding and help the clergy will be happy to put out the cards before your wedding if you leave this form in the vestry.

The reserved place cards are as follows:

BRIDE (pink)

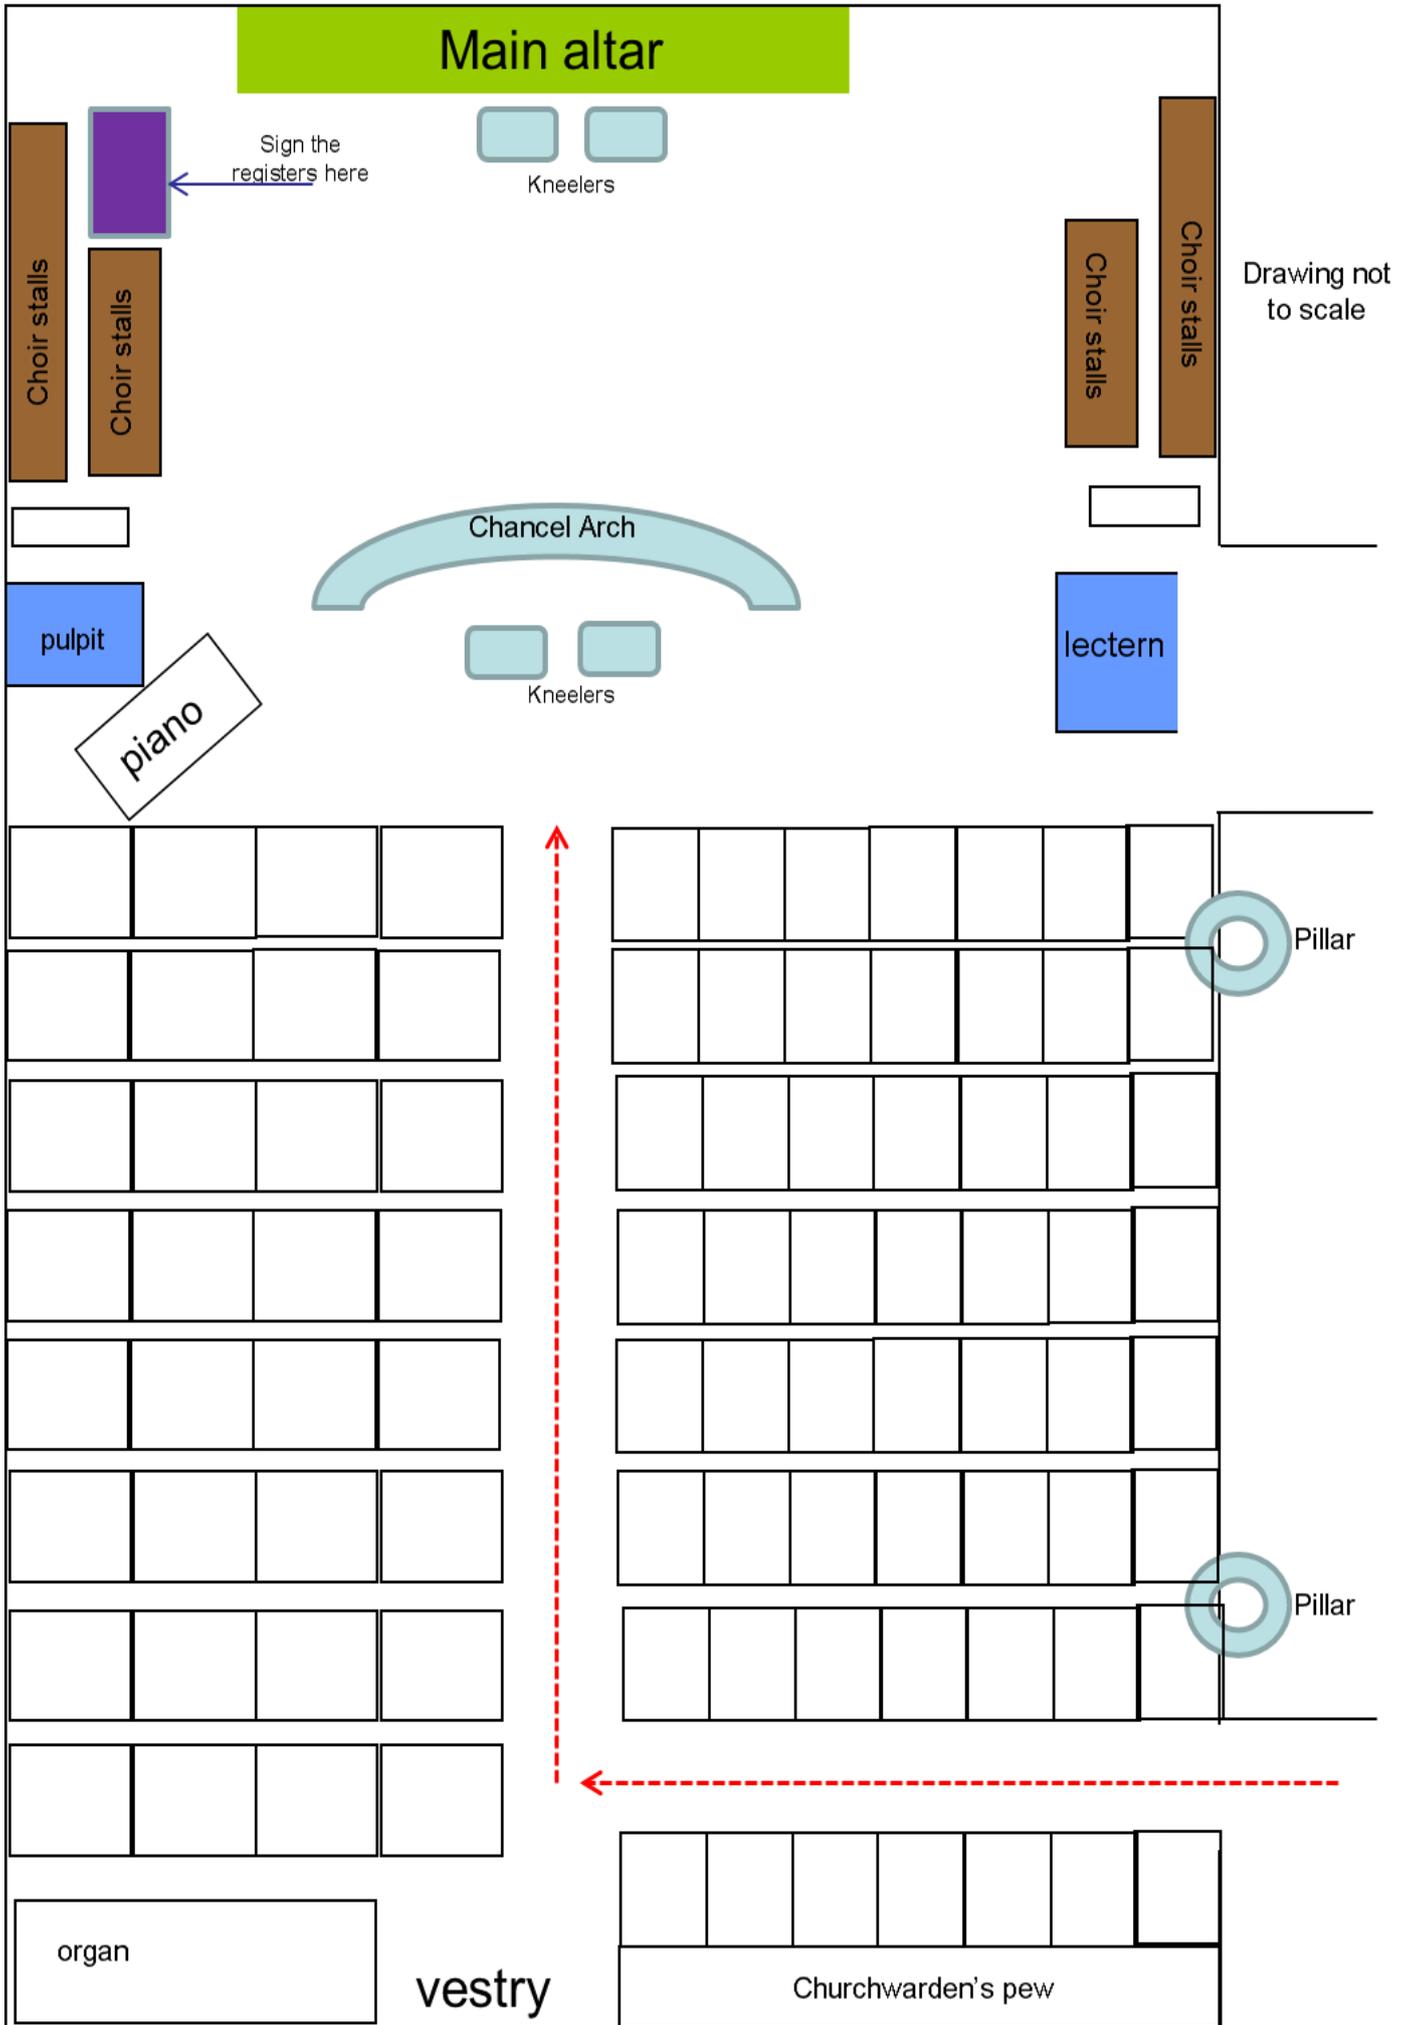

Bride, mother of the bride, father of the bride, stepmother of the bride, stepfather of the bride, sister, sister and family, brother, brother and family, uncles and aunts, cousins, grandma, grandad, friends of the bride, family.

GROOM (blue)

Groom, mother of the groom, father of the groom, stepmother of the groom, stepfather of the groom, sister, sister and family, brother, brother and family, uncles and aunts, cousins, grandma, grandad, friends of the groom, family.

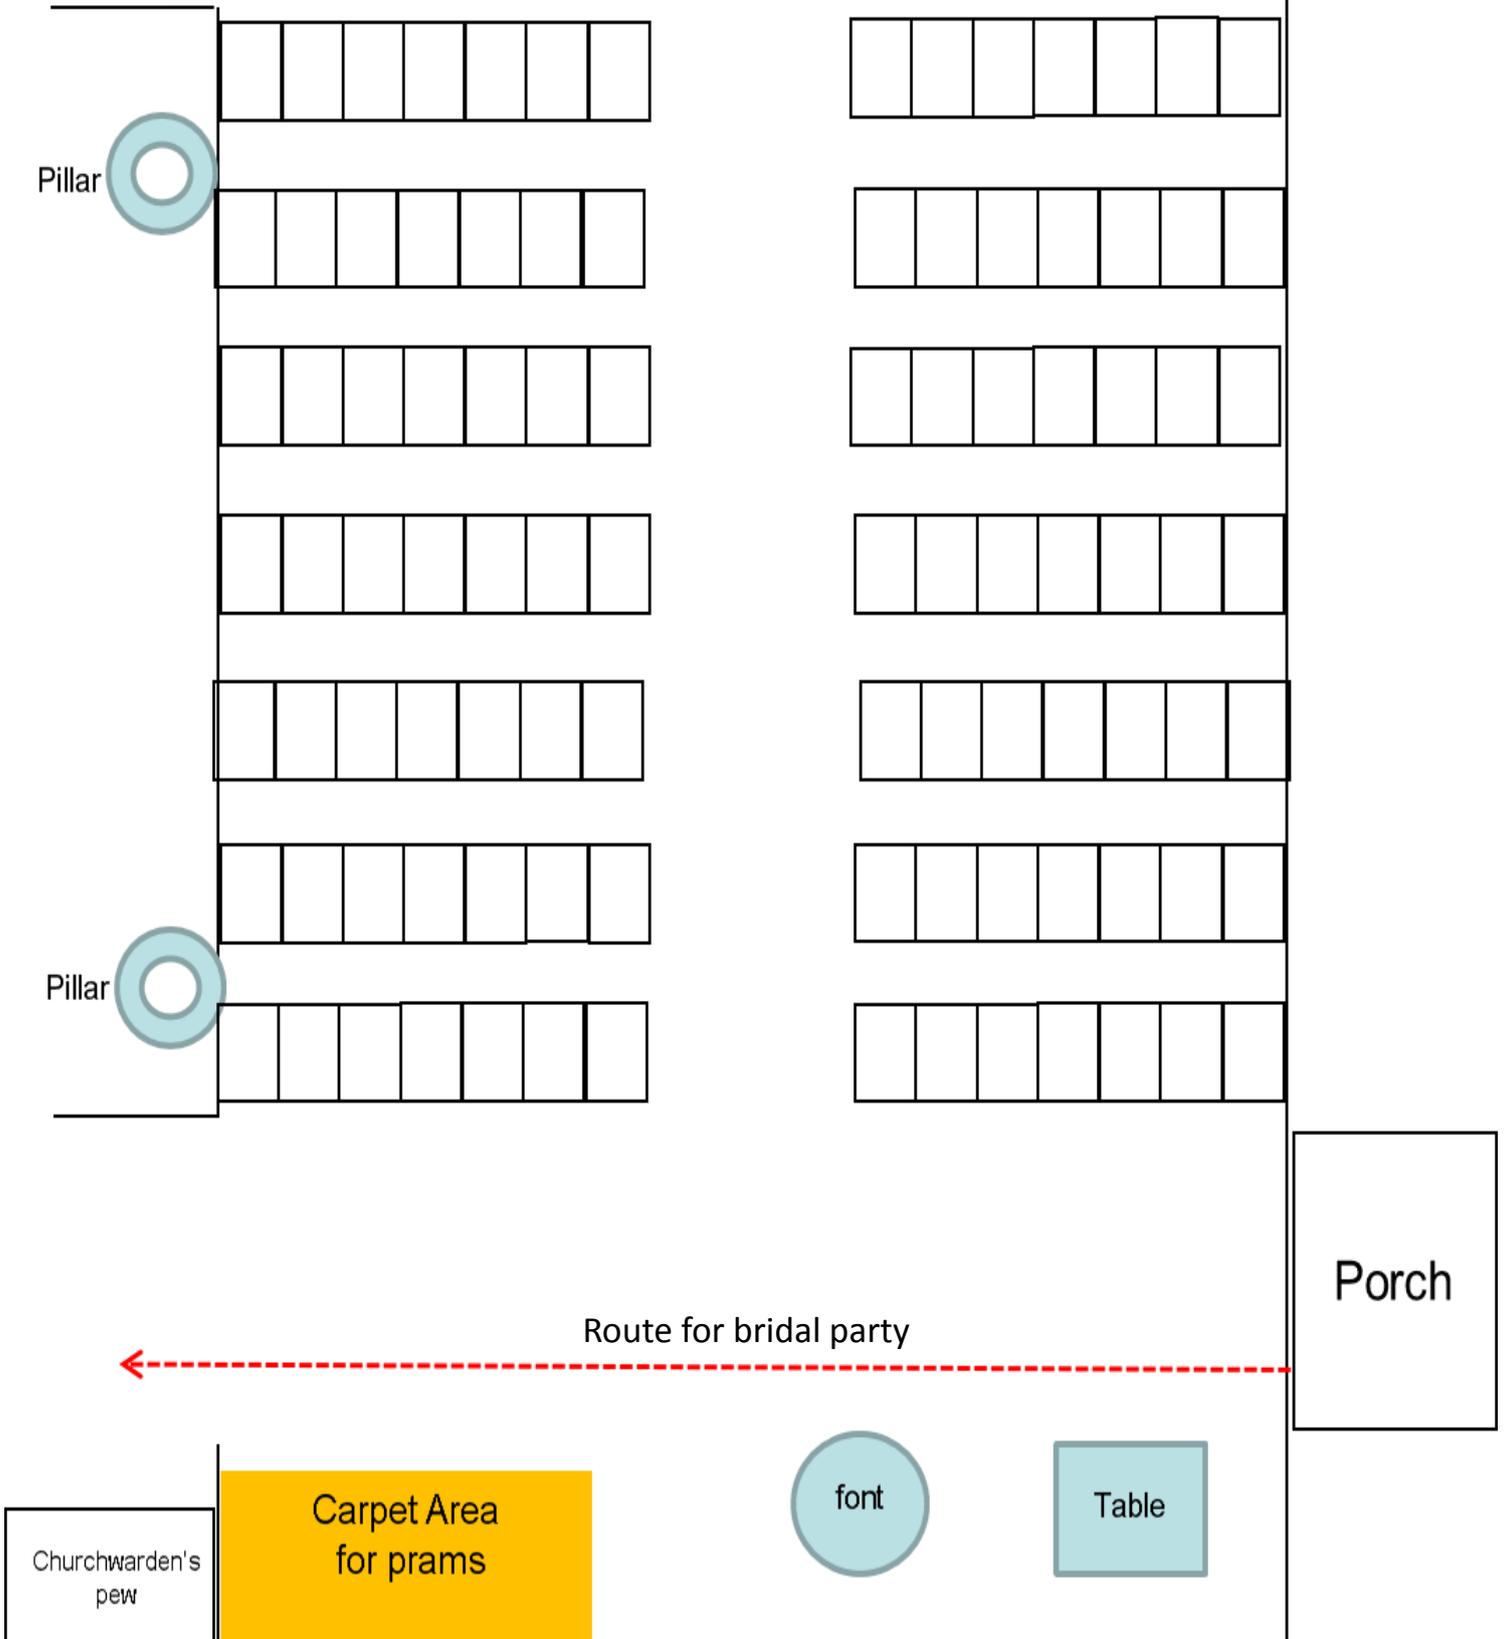

WEDDING ROLES (yellow)
